

You Will Never Run Out of Jesus

After a successful 25-year medical career as a surgeon and in family practice, Dr. William D. Bailey believed he was called to do something more meaningful--travel the world as a volunteer medical missionary. Dr. Bailey has literally served all over the world--from the remote jungles of Africa to the teeming masses in Southeast Asia. His chronicles record his work as a physician and his passion for short-term medical mission trips. His goal in writing Youll Never Run Out of Jesus was to inspire other medical professionals to share the Gospel of Jesus with needy people all over the world. Non-medical readers will also gain tremendously from what he has to say. Dr. Bailey will take you not only into foreign countries but will fill your mind with graphic images, sights, sounds, emotions, and facts that will literally make you feel as if you have traveled the world with him. Along the way youll learn in new and compelling ways what a volunteer medical mission trip is all about.
