

A Micronaut in the Wide World: The Imaginative Life and Times of Graham Percy

By way of motorbike and hot-air balloon and through sketches and bookshelves, this biography presents the life and works of New Zealand artist, designer, and illustrator Graham Percy. Touching on childhood losses and adult nostalgia, this book showcases Percys early design work, vivid childrens book illustrations, and thriving mature art. With documentary photos as well as previously unseen independent sketches, this record is not only a tribute to the beauty of the hand-drawn line but also a stimulating rediscovery of the remarkable artist known for his work on classics such as Aesops Fables, Arabian Nights, and The Wind in the Willows.
