

# Roundtable Discussion: BEST-Building Educational Success Together

The purpose of the hearing today is threefold, first, to learn about some of the successful programs and partnerships that are occurring all over the State so we can expand and just build on or duplicate them. The second purpose is to talk about how we can improve and expand the collaborations, how were making that happen. And then the third is in keeping with the theme here at the convention, Barriers to Success, we need to identify those barriers that the Federal Government has put in front of success so that we can break through them. What are the impediments holding us back? What are the impediments holding our kids back?
